# H-Series, P-Series and Command Zone | MAINTENANCE

Oshkosh Product Training Center

OSHKOSH AIRPORT PRODUCTS

## Learn from the Best

When it comes to expert instruction in repairs, maintenance and troubleshooting of the H-Series and P-Series vehicles, our training is in a class by itself.
Our training specialists are vehicle experts and understand the needs of the students. Your maintainers will get the in-depth, hands-on training they need to increase readiness, performance, and productivity.

## NEW! CLASSES for 2017

**Front Mounted Broom Maintenance** – Covers the entire H-series vehicle including broom system. **Single Engine Blower Maintenance** – Covers the H-series single engine blower system to include engine, command zone, hydraulic and electrical troubleshooting systems to name a few topics.

## Ahead of the Learning Curve

We have developed a blended approach to training which leverages the advantages of both classroom and shop experiences, combining them with advanced 3D modeling, virtual task trainers, online learning modules, and hands-on experience. Our training methodology prepares you with advanced, realistic troubleshooting experiences.
Class sizes are designed to offer students greater hands-on experience and instructor interaction.

## See Where Your Vehicles are Made

All classes taking place at the Training Center in Oshkosh, WI, will have the opportunity to tour the manufacturing facilities during training.

## Registration

We encourage you to register online by visiting www.oshkoshcorp.com/training.

From there you can register for a course and review class schedules. The website will be kept current with training opportunities as they are scheduled. If you would like a registration form faxed to you, please contact the Oshkosh Corporation Training Center.

Because of our many customers, enrollment in these classes fills quickly. Please register as soon as possible. Verbal registrations will not be held for more than 24 hours without receipt of a formal registration.

## Tuition & Payment

Go to www.oshkoshcorp.com/training to view current tuition costs. The tuition fee includes student workbooks and vehicle system schematics.

**Expenses** such as airfare, hotel, and meals are the responsibility of individual students.

***NOTE:*** Please do not purchase airline tickets until final confirmation is received 30 days prior to the start of training.

**Tuition** can be paid by credit card, check, or invoice.

Checks can be sent to the address listed below.

## Cancellation

There is a $100 cancellation fee if the Training Center is not notified at least ten business days prior to the training.

No shows will also be charged the $100 fee.

Substitutions are accepted. Indicate who your substitute is on the website or by calling the Training Center.

## Course Logistics

Classes begin at 8:00 AM and finish around 4:00 PM each day.
