

STRIKER | MAINTENANCE

Oshkosh Product Training Center

Learn from the Best

When it comes to expert instruction in repairs, maintenance, and troubleshooting Striker vehicles, our training is in a class by itself.

Our training specialists are vehicle experts and understand the needs of the students. Your maintainers will get the in-depth, hands-on training they need to increase readiness, performance, and productivity.

Ahead of the Learning Curve

We have developed a blended approach to training which leverages the advantages of both classroom and shop experiences, combining them with advanced 3D modeling, virtual task trainers, online learning, and hands-on experience. Our training methodology prepares you with advanced, realistic troubleshooting experiences. Class sizes are designed to offer students greater hands-on experience and instructor interaction.

Snozzle HRET Maintenance (3-day course)

- Familiarization / Operation
- Preventive Maintenance
- Hydraulic System Troubleshooting
- Electronic System Troubleshooting

Training dates are based off Snozzle production. Courses are scheduled when 6 or more participants are on the list.

Any course can be conducted at the customer's location providing a 30-day notice.

Registration

We encourage you to register online by visiting www.oshkoshcorp.com/training.

From there you can register for a course and review class schedules. The website will be kept current with training opportunities as they are scheduled. If you would like a registration form faxed to you, please contact the Oshkosh Corporation Training Center.

Because of our many customers, enrollment in these classes fills quickly. Please register as soon as possible. Verbal registrations will not be held for more than 24 hours without receipt of a formal registration.

Tuition & Payment

Go to www.oshkoshcorp.com/training to view current tuition costs. The tuition fee includes student workbooks and vehicle system schematics.

Expenses such as airfare, hotel, and meals are the responsibility of individual students.

NOTE: Please do not purchase airline tickets until final confirmation is received 30 days prior to the start of training.

Tuition can be paid by credit card, check, or invoice.

Checks can be sent to the address listed below.

Cancellation

There is a \$100 cancellation fee if the Training Center is not notified at least ten business days prior to the training.

No shows will also be charged the \$100 fee.

Substitutions are accepted. Indicate who your substitute is on the website or by calling the Training Center.

Course Logistics

Classes begin at 8:00 AM and finish around 4:00 PM each day.
